rope and America. And do you sup pose that if this were possible it would be a thing to be desired? Would it promote the peace and purity and spiritual life of lands that are now Christian ! Or would it draw them to inevitable degradation? There can be no doubt about the anst.00 swer. All other religions have been proved and found wanting. The only one that is possible for us is Christianity. Our choice is, that or none. But perhaps in saying this I am

going too fast and too far. We sometimes hear of new forms of religion which have not yet been proved. There is the so called religion of humanity, the worship of the ideal in man. There is that vague and sentimental adoration of the unknown power above us, which which is supposed to be possible for one who calls himself an Agnostic. There is the worship of Nature - a most unre sponsive and pitiless deity. There is the religion which consists in trying years old, and almost a new man in politics. to do right. Would it not be wise for Men in the West develop quickly, and in us to "prove" one of these ! Well, in Moutana the Democrats have learned to re. the first place, that is a dangerous spect him. He is said to have wonderful experiment. We can do many things sagacity and a remarkable faculty for in this age of the world, but to attempt to frame a new religion, to get In New York, the Republican party is it widely accepted, and by means of it to raise men to a higher spiritual plane, is, to say the least, a grave undertaking. What chance of success has it! Who supposes that the great mass of the people can be made to accept a creed that has been elaborated in some literary workshop and that consists chiefly of fine sentiments and vague abstractions! What would a man like Wesley or a man like a very important meeting Wednesday eve- Moody do with a religion of that ning. About one hundred and sixty mem kind?
